

Coronavirus Guidance

As a school we are receiving updates from the HM Government regarding the spread of Coronavirus.

There are things we can do to help stop viruses like coronavirus spreading:

Do

- ✓ cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- ✓ put used tissues in the bin immediately
- ✓ wash your hands with soap and water often – use hand sanitiser gel if soap and water are not available
- ✓ try to avoid close contact with people who are unwell

Don't

- ✗ do not touch your eyes, nose or mouth if your hands are not clean

To minimise the spread of any flu and cold like symptoms are asking you to help us by providing a cheap box of tissues with your child's name on it for them to use and a clearly named mini hand sanitiser.

We are using this opportunity to provide a positive message regarding general hand hygiene. Whilst we believe the risk in Bulkington is minimal, can please ask you to inform us if you are travelling or have recently travelled from a hotspot area.
